

KCD Monthly Organizer Digest

December 6, 2023

A Newsletter!

As the KCD program continuously grows, boasting 235 organizers in 2023, we recognized the necessity for a dedicated form of communication. Introducing our latest initiative: the KCD Newsletter! This platform will serve as a vital medium for sharing announcements, providing clarifications, and seeking feedback from our vibrant community.

We will still utilize the [global KCD Slack organizer channel within the CNCF Workspace](#), but we recognize that important notices can easily get missed or lost within the channel. If you are not currently part of the organizer channel, please reach out for an invitation.

THIS WEEK'S
SURPRISE!

KubeCon + Cloud Native Con Dan Kohn Scholarships for KCDs!

As of 2024, CNCF is providing 2024 KCDs an opportunity to nominate **one person** in their community who they feel is deserving of a scholarship to attend a KubeCon + CloudNativeCon of their choice within the year. To qualify, the KCD who is nominating for a particular KubeCon + CloudNativeCon, must either have one of the following (with approved dates by CNCF):

- A signed venue contract
- Or a signed agreement with a larger event, should your KCD be co-located

Please gather your organizing team to nominate **one person** within your community who was not previously a recipient of the Dan Kohn scholarship to a KubeCon +

CloudNativeCon of your choosing. Nominations should be need-based, and there is only one nomination per KCD in one year.

The process has begun for KubeCon + CloudNativeCon Paris 2024 and the deadline is January 7, with notifications going out the week of January 22. Apply and read more below.
